Addis Ababa, Ethiopia*

To minimize to the extent possible the adverse effects that the use of pesticides might cause to human beings, animals, plants and the environment, "Pesticide Registration and Control Council State Special Decree" was issued on 1 September 1990. According to this special decree, the manufacture importation, sale or use of unregistered pesticides are prohibited. The importation, storage, transportation and sale of pesticides that are registered are also prohibited unless they are labeled and packed in accordance with the provisions of the special decree and guidelines issued thereafter.

The Ministry of Agriculture is given the responsibility to implement the special decree. Pesticide Advisory Committee formed from the

Ministry of Agriculture, Ministry of Health, Ethiopian Agricultural Research Organization, Ethiopian Standards and Quality Control Authority and Environmental Protection Authority of Ethiopia advise the Ministry of Agriculture in all matters pertaining pesticide registration in the country.

Since the effective implantation of the special decree started in 1996 several pesticides have been registered. Those registered up to 1 January, 1997 were reported in the Pest Management Journal of Ethiopia (Volume 1). Pesticides registered after January 1997 are listed below for the benefit of scientists engaged in research and development in the country.

Additional list of pesticides registered In Ethiopia

Trade Name	Common Name	Approved use
Insecticides		
Baythroid 050 EC	Cyfluthrin	For the control of shoofly, aphids, fleas and stalk borer on sorghum
Bestox 7.5 ULV	Alphacypermethrin	For the control of African bollworm on cotton
Cybolt 2.5 ULV	Flucythrinate	For the control of white fly in cotton
Cymbush 1% G	Cypermethrin	For the control of stalk borer on maize and sorghum
Delicia 56.8%	Aluminium phsphide	For the control of storage pests on cereals and pulses
Deltanet 200 EC	Furathiocarb	For the control of aphids on cotton
Detia Gas-EX-T 56.7%	Aluminium phosphide	For the control of storage weevils and beetles on cereals and pulses
Diptrex SP 95	Trichlorfon	For the control of shoofly on cereals
K-O Tab 25% mm	Deltamethrin	For the control of mosquitoes as bed net impregnation
K-otharine Mousti quore SC 1%	Deltamethrin	For the control of mosquitoes as bed net impregnation
Metasystox -R- 250EC	Oxydemethon-methyl	For the control of shoofly, aphids, fleas and stalk borer on sorghum
Selectron 720 EC	Profenofos "Q"	For the control of stalk borer on maize
Suprathion 40 EC	Methidathion	For the control of scale insects on citrus
Talstar 20ULV	Bifenthrin	For the control of white fly and red spider mite on cotton
Herbicides		
Agro-satec 48 SC	Glyphosate	For the control of weeds in coffee and citrus
Alanex 48% EC	Alachlor	For the control of annual grass and some broadleaf weeds in maize and sorghum
Alazine 350/200 SE	Alachlor 350 + alazine	For the control of grass and some broadleaf weeds in maize
Atramet Combi 50 SC	Atrazine 25% + ametryne 25%	For the control of grass weeds in sugarcane
Calliherbe Super 720 g/l A.E	2,4-D	For the control of broadleaf weeds in cereals and sugarcane
Desormone liquid 720 g/l A.E.	2,4-D	For the control of broadleaf weeds in cereals
Fusilade Super 12%5% EC	Fluzifop-p- butyl	For the control of grass weeds in cotton and faba bean
Glyfos 360 SL	Glyphosate	For the control of sedges and penennial grass weeds in cofee
Gramaxone 20% EC	Paraquat	For the control of complex weeds in reduced tillage maize and plantation crops
Granstar 75 DF	Tribenuron methyl	For the control of broadleaf weeds in wheat
Kalach 360 SL	Glyphosate	For the control of perennial grasses, sedges and broadleaf weeks in coffee
Stomp 500 E	Pendimethalin	For the control of rottoboelia weed in maize
Topik 080 EC	Cladinatop-propargyl	For the control of grass weeds in wheat

U-46 KV Fluid 600	Mecoprop	For the control of broadleaf weeds in wheat and barley
Velpar 75 DF	Hexazinone	For the control of broadleaf and grass weeds in sugarcane
Fungicide		
Bayleton 25 QP	Triadimefon	For the control of rust diseases on wheat and barley
Benlate 50 WP	Benomyl	For the control of bean anthracnose on haricot beans
Daconil 75% WP	Chlorothalonil	For the control of coffee berry disease
Helcozeb 80 WP	Mancozeb	For the control of cercospora leaf spot on statice flower
Penncozeb 80 WP	Mancozeb	For the control of late blight on tomato
Rova 500 FW	Chlorothalonil	For the control of coffee berry disease on coffee
Rova 75 WP	Chlorothalonil	For the control of coffee berry disease on coffee
Thiram Granuflo 80 WP	Thiram	For the control of seed decay and damping-off diseases on maize and sorghum
Rodenticides		
Lannirat Bait 0.005%	Bromadiolone	For the control of field and storage rodents
Storm 0.005% Pellet	Flocoumafen	For the control of storage and field rodents
Miticide		
Mitigan 18.5 EC	Dicofol	For the control of red spidermite on cotton
Avicide		
Queleatox UL 600	Fenthion	For the control of weaver birds (<i>Quelea quelea</i>)
Household Insecticides		
Super Shelltox F.I.K	D-phenothrin 0.25 + tetramethrin 0.15	For the control of flies, mosquitoes, and other flying insects
Super Shelltox Cockroach & C.I.K	Cypermethrin 0.25%+tetramethrin 0.15%	For the control of cockroaches, ants and other crawling insects
Mobil Insecticide	Tetramethrin 0.200% + Pynamiforte 0.250% + sumithrin 0.125%	For the control of flying and crawling household insects
Others		
Citowett	Alkylaryl polyglycol 100%	For reducing surface tension and increasing adherence
Pix 50EC	Mepiquat chloride 5%	For plant growth regulation on cotton
